EarthBox Garden Theme Ideas & Sample Layouts

**Herb Garden 1**
- Tarragon
- Cilantro
- Oregano
- Thyme
- Mint
- Marjoram

**Herb Garden 2**
- Basil
- Oregano
- Parsley
- Rosemary
- Fennel
- Sage

**Herb Garden 3**
- Thai basil
- Holy basil
- Hot pepper
- Green onion
- Lemon basil
- Cilantro

**Herb Garden 4**
- Dill
- Chives
- Nasturtium
- Lemon Verbena
- Catnip
- Spearmint

**Specialty Garden**
Grow several varieties of one plant
(greens, basils, peppers, mints, etc.)

**Salad Garden**
- Radish
- Carrot
- Lettuce
- Tomato

**Pizza Garden**
- Pepper
- Parsley
- Oregano

**Salsa Garden** – is about the same as a pizza garden, except instead of parsley and oregano, plant cilantro and bunching onions.

**Stir fry Garden**
- Bok choy
- Green onion
- Kohlrabi
- Pepper
- Eggplant
- Kale

*Plant what you like to eat!*
For maximum success, also plant the right plant in the right season (see reverse).

Most herbs that you might want to plant can be grown from seed or transplant with a few exceptions. Members of the carrot family like dill, fennel, parsley, and cilantro have a large tap root and do not easily survive transplanting. Therefore, those herbs should be grown in place from seed. Herbs in the carrot family should also be planted at the same time of year as carrots - they do not tolerate heat well.
