View the Garden Live with EarthCam

NAPLES, FL – June 16, 2021 – Naples Botanical Garden is now one of several quintessential Naples locales to feature an EarthCam. In addition to taking in a view of the sunset behind the Naples Pier or catching a glimpse of the surf along Vanderbilt Beach's Turtle Club, viewers can now discover what's happening in the sweeping tropical vista that is the Kapnick Brazilian Garden. Watch as our Horticulture Team expertly tends to the grounds early in the morning, or opt to linger in the beauty of a late-afternoon rain, without the humidity.

Garden team members worked to bring the EarthCam to the 170-acre campus as a way to connect with its audiences even when they cannot visit in person. While the EarthCam does not offer enhanced views during evening hours, quite a sight is expected during Night Lights in the Garden!

Members of the media are invited to share the [Garden's EarthCam link](#) on their websites and in news broadcasts.

For questions, contact Jenny Fuentes, Content Manager, at jfuentes@naplesgarden.org.
