**In honor of Ann Scott**

Dear Friends,

Welcome to *Hats in the Garden* 2026.

It is my great pleasure to thank you for joining us in celebration of a place that brings beauty, inspiration, and connection to so many. The Garden is more than a landscape—it is a shared treasure, a sanctuary where learning, reflection, and joy take root.

We extend our deepest gratitude to Sustaining Leadership Council and to our many friends and supporters whose generosity and enthusiasm make this event—and our ongoing work—possible. Your commitment ensures that the Garden continues to flourish as a vibrant community resource for generations to come.

This year, we are especially excited to highlight our Fund-a-Need initiative: Nature Play Chapter Two: Harmony Ever After. Building on the success of our initial efforts, this next phase will expand opportunities for children and families to engage with the natural world in meaningful, imaginative ways. In year two of our Nature Play trial, we are delighted to introduce music as a new element—bringing rhythm, sound, and creative expression into the outdoor experience. By creating spaces that invite exploration, creativity, and connection, we nurture not only a love of nature, but also a sense of harmony that extends far beyond the Garden's gates.

Thank you for being part of this special day and for helping us to share the magic of Naples Botanical Garden.

With gratitude,

Ann Scott

## **NATURE PLAY CHAPTER TWO: HARMONY EVER AFTER**

Here at the Garden, play isn't just something families do.

Play builds confidence.  
Play builds community.  
Play builds environmental stewards.

And with you, we build the future.

Children will grow braver in spaces designed for exploration and imagination. Families will rediscover the joy of moving, laughing, and creating together. Music will join movement, and generations will connect in ways that linger long after the day is done. Your generosity brings Harmony Ever After to life and sustains the educators, horticulturists, artists, and team members who nurture this experience each day with care and intention.

A fashion advertisement featuring two women standing on a concrete ledge overlooking a swimming pool. The woman on the left wears a black long-sleeved top and a matching long skirt. The woman on the right wears a long, flowing dress with a blue and white floral pattern. In the background, a modern house with large glass windows is visible, surrounded by lush greenery and trees. The scene is set during the golden hour, with warm lighting.

## Garden Mission

Naples Botanical Garden conserves the plants and habitats of the tropics, cultivates beauty, offers knowledge, and inspires the protection of nature.
